A Passover Haggadah, enhanced with more than fifty original drawings, Elie Wiesel and his friend Mark Podwal invite you to join them for the Passover Seder—the most festive event of the Jewish calendar. Telling the Story

There are many theories about what caused the Great Depression, and the truth is that there is no simple answer. Rather, a perfect storm of events came together and changed the lives of millions of people. One of the first signs of this dark period was the stock market crash in October 1929. In the aftermath, the country fell into the Great Depression, the longest and most significant economic depression since the Civil War. Through most of the 1920s, the United States economy was growing, and the stock market had reached new highs. People were making money in the stock market and having a grand time, so much so that few noticed the dark clouds forming on the horizon. By the end of the decade, industrial production had begun to decline, while unemployment was steadily rising. Stock market prices were plummeting from their peak in September 1929, and sales reached a crescendo in late October. On October 29, over sixteen million shares were traded in just one day. Billions of dollars were lost, with thousands of investors wiped out, and stock tickers were running hours

behind because they were simply unequipped to manage this unprecedented amount of trading. The crash was not the only cause of the Great Depression, but it was certainly a symptom of a larger set of problems. Earlier in 1929, Herbert Hoover won the presidency under a wealth and prosperity platform. He made several unsuccessful attempts to prevent the economy from weakening during his administration. Despite his best efforts, banks continued to fail, and more Americans entered the ranks of unemployment. No one understood the extent of this economic downturn. But the election of 1932 brought Democrat Franklin D. Roosevelt into the White House by a landslide. Roosevelt wasted no time, proposing extensive legislation called the New Deal to create new jobs, revitalize the banks, and give hope to the American people. Some of the New Deal programs were successful, while other fell short; but by the end of the 1930s, things had finally begun to improve. However, it would take the massive spending required during World War II for the economy to return to where it was a decade before. Egypt?, the authors will take you through every step of the Seder, from getting rid of all the chametz in your home by setting it on fire with a kosher blowtorch to a retelling of the Passover story starring Pharaoh Schmuck and a burning bush that sounds kind of like Morgan Freeman, set against the backdrop of the Promised Land—which turned out not to be a land of milk and honey but rather one of rocks and venomous scorpions the size of Yorkshire terriers. You then eat a celebratory brisket and wrap up the whole evening by taking at least forty-five minutes to say good-bye to everyone. So gather all the Jews in your life (even the few who don't appear to be long-suffering) and settle in for a fun way to pass the time while waiting for Elijah to show up.

The Messianic Passover Haggadah

Learn More here: <http://doaseder.com> Passover or Pesach is the first of seven appointed feasts of the L-rd, ordained by the L-rd, to commemorate the departure of the Hebrew nation from Egypt. As commanded in the Torah, "You shall observe the Feast of Unleavened Bread; for seven days you are to eat unleavened bread, as I commanded you, at the appointed time in the month Abib, for in it you came out of Egypt. And they shall not appear before Me empty handed." Exodus 23:15 The Torah, the first five books of Moses, is the written word of G-d, and the instructions and rituals for the holidays were passed down in the oral law. Every year in the spring, Jews around the world will prepare a seder as a memorial to the original Passover event, and in the same prescribed order given at Mt. Sinai over 3,000 years ago. It is important to G-d that the teachings and history of the Jewish people be preserved and passed

down to all generations. As we read through the Haggadah, you will notice the introduction of a dash in the spellings of G-d and L-rd. According to Jewish law and tradition, it was forbidden to erase or discard any written document with the names of our Creator, or even speak His Hebrew name Yod He Vav He. The word Jehovah is used by Christians to pronounce the four letters of the tetragrammaton, and the name Adonai is substituted when reading the Holy Scriptures or Torah. The true pronunciation of His Name has been lost. With great respect, we will reverence His holy name by continuing this tradition. The symbolism in the seder meal will remind us that G-d remembered His people in bondage and He had a plan for their deliverance.
