A Conall Christmas - A Novella

It began nearly four hundred years ago. The Conall clan and all their people were murdered in a surprise attack, their beloved castle

and all evidence of who destroyed them burned to the ground with their bodies. In the centuries following, archaeologists searched through the ruins looking for any evidence of what or who had caused the untimely demise of such a powerful Scottish clan. All efforts were fruitless, until a spell put in place by an ancient Conall ancestor finally began to work its magic. Texas kindergarten teacher, Brielle Montgomery, finds comfort in the mundane routines of her life, but when her archaeologist mother asks her to accompany her on a dig in Scotland, she decides to step out of her comfort zone. Once in Scotland, they discover a secret spell room below the castle ruins, and Bri finds herself transported back in time and suddenly married to the castle's ill-fated Laird. Now, she must work to change the fate of his people, all while trying to find a way to return to her home and century. But with each passing day, Bri finds herself falling more deeply in love with her new husband. If she can find a spell to bring her home, will she use it? And if she stays, will it ultimately mean her own death as well?

Mornas Magic & Mistletoe (A Novella)

Everything happens in its time... For Jeffrey Oakes, life in the seventeenth century hasn't been the thrilling change of pace he hoped it would be. The lack of power tools, better hygiene, and cold beer has him yearning for the luxuries of his modern-day life. It might all be bearable if he had someone to maneuver the cultural differences and minimal conveniences with—someone with whom he could make a life. But among the Scottish countryside, with women so different from himself, he knows his chances of finding such a woman are small. If only Morna could work her magic for him like she has done for so many others... Kathleen Carter's life is changing. With enough money now saved to fulfill her dream of restoring the castle she inherited, her job as housemaid is coming to an end. All she wants now is for moving day to arrive so that she can get to Scotland. She knows she'll have no time for much of a personal life for the next few years, but that's okay—the ruined castle will take all of the love and attention she has to give. Or so she thinks... Little does she know that a move isn't the only big
