Faced with limited options, they race back to the past to reroute history and prevent a series of murders. When the circus comes to River Heights, Nancy and the Clue Crew investigate who is stealing some very important props from the performers.

### **My Year Zero**

The poetry and prose collected in *Plainwater* are a testament to the extraordinary imagination of Anne Carson, a writer described by Michael Ondaatje as "the most exciting poet writing in English today." Succinct and astonishingly beautiful, these pieces stretch the boundaries of language and literary form, while juxtaposing classical and modern traditions. Carson envisions a present-day interview with a seventh-century BC poet, and offers miniature lectures on topics as varied as orchids and Ovid. She imagines the muse of a fifteenth-century painter attending a phenomenology conference in Italy. She constructs verbal photographs of a series of mysterious towns, and

takes us on a pilgrimage in pursuit of the elusive and intimate anthropology of water. Blending the rhythm and vivid metaphor of poetry with the discursive nature of the essay, the writings in Plainwater dazzle us with their invention and enlighten us with their erudition.

### **Memoirs of an Ordinary Pastor**

D. A. Carson's father was a pioneering church-planter and pastor in Quebec. But still, an ordinary pastor—except that he ministered during the decades that brought French Canada from the brutal challenges of persecution and imprisonment for Baptist ministers to spectacular growth and revival in the 1970s. It is a story, and an era, that few in the English-speaking world know anything about. But through Tom Carson's journals and written prayers, and the narrative and historical background supplied by his son, readers will be given a firsthand account of not only this trying time in North American church history, but of one pastor's life and times, dreams and disappointments. With words that will ring true for every person who has devoted themselves to the Lord's work, this unique book serves to remind readers that though the sacrifices of serving God are great, the sweetness of living a faithful, obedient life is greater still.

### **Just Playin'**

In the summer of 1846, the Army of the West marched through Santa Fe, en route to invade and occupy the Western territories claimed by

Mexico. Fueled by the new ideology of "Manifest Destiny," this land grab would lead to a decades-long battle between the United States and the Navajos, the fiercely resistant rulers of a huge swath of mountainous desert wilderness. In *Blood and Thunder*, Hampton Sides gives us a magnificent history of the American conquest of the West. At the center of this sweeping tale is Kit Carson, the trapper, scout, and soldier whose adventures made him a legend. Sides shows us how this illiterate mountain man understood and respected the Western tribes better than any other American, yet willingly followed orders that would ultimately devastate the Navajo nation. Rich in detail and spanning more than three decades, this is an essential addition to our understanding of how the West was really won. From the Trade Paperback edition.

Your Ultimate Guide To Finding The Most Peaceful Campsites In The Eastern Sierra And Death Valley Do you like privacy when you're camping? Do you hate camping a few feet away from people who talk loud into quiet hours? Or maybe you don't want a neighbor's light blocking your view of the stars at night. On recreation.gov, it's impossible to know for sure exactly which campsites have the most privacy or are farthest away from the neighbors. Some campsites look like they're too close together, but they have a hill, rock formation, or lots of vegetation in between and have plenty of privacy. Other sites look like they're far apart, but they're in an open meadow in clear view of the neighbors. You might end up reserving a space you thought had lots of privacy only to discover your neighbors are a little too close for comfort. And for first-come, first-served campgrounds, knowing the location of the really good spots means you can beat the crowds to the

choice campsites. That's why Kimberly and Patrick Wilkes looked at 3,416 campsites in the Eastern Sierra and Death Valley in order to find out which ones have the most privacy—then they critiqued and rated each privacy-worthy site. The most comprehensive camping travel guide for the Eastern Sierra and Death Valley, the book is the only one of its kind on the market because it describes the privacy of individual campsites, not just the campground as a whole. Kimberly and Patrick will help you carve out your own slice of serenity in the Eastern Sierra and Death Valley by showing you exactly which campsites are the most peaceful and private near Mammoth Lakes, June Lakes, Hope Valley, Sonora Pass, Twin Lakes/Bridgeport, Tuolumne Meadows, Convict Lake, Mount Whitney, Grandview Campground, Death Valley—and everything in between. Campers should buy this travel guide because: It will reduce your risk of camping too close to a loud neighbor because it points out the campsites that have lots of elbow room. When you buy this travel guide, you'll know how far away a given campsite is from its neighbors. While the book can't guarantee you'll be entirely out of sound's reach or that you'll never have a rowdy neighbor, it'll help you find a spot that will minimize the noise—meaning you're more likely to get a good night's sleep and have a peaceful visit. It will make reserving a campsite on recreation.gov a lot easier. It will save you time because you won't have to scrutinize the map to figure out

whether or not the neighboring campsite is too close or too visible. You'll know which campsite is the best choice for you, so that when you arrive you won't be disappointed that it's less private than you envisioned. You'll find out about two campsites where you never want to pitch a tent during the monsoonal rain-or risk waking up in a flood. You'll know which campsites are plagued by road noise-and which roadside campsites are so nice it may be worth bringing along ear plugs. Anglers will find out the best campsites where you can fish a few steps away from the picnic table. The handy guide at the end of the book lists each of these campsites. The paperback version features black and white photos of select campsites. The Kindle version features color photos for Kindles that have color capability. Eastern Sierra And Death Valley Camping With Privacy will save you the time of having to search for that perfect campsite because you'll know exactly which campground to visit first or which campsite to reserve online. ### **Ghost Towns and Mining Camps of Southern Nevada**

A supernatural force—set in motion a century ago—threatens to devastate New York City in this “terrific horror/suspense/disaster novel” that “grips from the first page” (Stephen King, #1 New York Times bestselling author). Far upstate, in New York’s ancient forests, a drowned village lays beneath the dark, still waters of the Chlewauckee reservoir. Early in the 20th century, the town was destroyed for the greater good: bringing water to the millions living downstate. Or at least that’s what the politicians from Manhattan insisted at the time. The local families, settled there since America’s founding, were forced from their land, but some didn’t leave... Now, a century later, the repercussions of human arrogance are finally making themselves known. An inspector assigned to oversee the dam, dangerously neglected for decades, witnesses something inexplicable. It turns out that more than the village was left behind

in the waters of the Chill when it was abandoned. A dark prophecy remained, too, and the time has come for it to be fulfilled—for sacrifices must be made. And as the dark waters begin to inexorably rise, the demand for a fresh sacrifice emerges from the deep... “A must read for fans of eerie, gripping storytelling” (Dean Koontz, #1 New York Times bestselling author), *The Chill* is “a creepy tale of supernatural terror” (Publishers Weekly, starred review).
