Buddhism or Buddhisms? By the time they move on to Buddhism
in Japan, many students who have studied its origins in India ask
whether this is in fact the same religion, so different can they
appear. In Buddhisms: An Introduction, Professor John S. Strong
provides an overview of the Buddhist tradition in all its different

Read Book Creating Judaism History Tradition Practice

forms around the world. Beginning at the modern day temples of Lumbini, where the Buddha was born, Strong takes us through the life of the Buddha and a study of Buddhist Doctrine, revealing how Buddhism has changed just as it has stayed the same. Finally, Strong examines the nature of Buddhist community life and its development today in the very different environments of Thailand, Japan, and Tibet. Enriched by the author's own insights gathered over forty years, Buddhism never loses sight of the personal experience amidst the wide-scope of its subject. Clear in its explanations, replete with tables and suggestions for further reading, this is an essential new work that makes original contributions to the study of this 2,500 year-old religion.

Essays analyze the major traditional texts of Judaism from literary, historical, philosophical, and religious points of view.

Creating Judaism

Though ancient rabbinic texts are fundamental to analyzing the

Read Book Creating Judaism History Tradition Practice

history of Judaism, they are also daunting for the novice to read. Rabbinic literature presumes tremendous prior knowledge, and its fascinating twists and turns in logic can be disorienting. Rabbinic Drinking helps learners at every level navigate this brilliant but mystifying terrain by focusing on rabbinic conversations about beverages, such as beer and wine, water, and even breast milk. By studying the contents of a drinking vessel—including the contexts and practices in which they are imbibed—Rabbinic Drinking surveys key themes in rabbinic literature to introduce readers to the main contours of this extensive body of historical documents. Features and Benefits: Contains a broad array of rabbinic passages, accompanied by didactic and rich explanations and contextual discussions, both literary and historical Thematic chapters are organized into sections that include significant and original translations of rabbinic texts Each chapter includes in-text references and concludes with a list of both referenced works and suggested additional readings

A Modern Utopia Annotated

From the Camp Fire

Druenn thought his world had come to an end when his father was butchered by bandits and his sister was captured and carried away, leaving him all alone. His mother had already walked off into the mist and never returned. She had been someone special, as he would later find out. He remembered his dying father's last wish to fulfill his mother's legacy: My mother died protecting the king and she has become a hero of legend. I shall keep her spirit and her legend alive. I am The Saviour Reborn. When he finally learned the truth about the history of Divine Victory, Druenn was determined to keep his promise to his father and avenge the killing of his mother.

"An introductory textbook that examines how Jews are a culture, ethnicity, nation, nationality, race, and religion. With each chapter revolving around a single theme--Narratives, Sinais, Zions, Messiahs, Laws, Mysticisms, Cultures, Movements, Genocides,

Read Book Creating Judaism History Tradition Practice

Powers, Borders, and Futures--this introductory textbook interrogates readers' understanding of the Jewish community. Written for a new mode of teaching--one that recognizes the core role that identity formation plays in our lives--this book weaves together alternative, marginalized voices to illustrate how Jews have always been in the process of reshaping their customs, practices, and beliefs. Judaism is the first book to assess and summarize Jewish history from the time of the Hebrew Bible through today using multiple perspectives"--Provided by publisher.

The Life and Death of John of Barneveld

After hours of careful thought, the Yeshiva administration posted a hand-lettered sign outside the cafeteria door. THE YESHIVA PROVIDES FOOD FOR ONE PORTION ONLY NO STUDENT IS PERMITTED TO STAND IN LINE FOR SECOND PORTION By the time I finished lunch, I noticed that some student had altered the sign in a subtle, Talmudic manner: THE YESHIVA PROVIDES FOOD FOR ONE PORTION ONLY? NO! STUDENT IS PERMITTED TO STAND IN LINE FOR SECOND PORTION. The Sea of Talmud is a brief introduction to the Talmud, viewed from the perspective of a newcomer to the world of the Yeshiva. Intended for readers with little background to the historical development of the Talmud and its relevance for Jewish observance, The Sea of Talmud hopes to inspire readers with the beauty and glory of traditional Yeshiva study.

Program of the Annual Meeting - American Historical Association

Medieval Europe

Read Book Creating Judaism History Tradition Practice

Discusses the nature of Jewish historical memory which traditionally concentrated on the religious meaning of history rather than on the events themselves. Medieval Jewish historians focused either on the ancient past or on recent persecutions, tending to identify them with biblical patterns of oppression. For example, the Hebrew chronicles of the Crusader massacres show awareness of a deterioration in Christian-Jewish relations, using the "binding of Isaac" as a pattern for Jewish martyrdom. Although the chronicles were forgotten, the memory of the persecutions was preserved in halakhic and liturgical works. The expulsion from Spain in 1492 stimulated a minor resurgence in Jewish historiography. However, the kabbalistic myth proved more influential than history. Modern Jewish historiography is based on the secular concept of historical science and, especially since the Holocaust, cannot take the place of group memory.--Publisher description.

The Sea of Talmud

The Gift in Antiquity presents a collection of 14 original essays that apply French sociologist Marcel Mauss's notion of gift-giving to the study of antiquity. • Features a collection of original essays that covers such wide-ranging topics as vows in the Hebrew Bible; ancient Greek wedding gifts; Hellenistic civic practices; Latin literature; Roman and Jewish burial practices; and Jewish and Christian religious gifts • Organizes essays around theoretical concerns rather than chronologically • Generates unique insights into gift-giving and reciprocity in antiquity • Takes an explicitly cross-cultural approach to the study of ancient history

The Mission of Love

The author of this book says in the Preface, "I did not pretend to write history, which tells of kings, presidents, and great captains,

Read Book Creating Judaism History Tradition Practice

but only of modest soldiers, Federal and Confederate, and of plain country people who bore muskets and dug ditches. I will tell of no great battles, and only how soldiers fought, talked, lived, and died as scouts. I will tell of the loves and hates of the country people, and of their habits, churches, homes, and modes of living and thinking when overshadowed by war's actual presence." From the Camp Fire was originally published in 1881, and this reprint has additional illustrations and annotations, with the original text carefully preserved. A periodical of the period in which it was first published, the "National View," said, "the raciest, richest stories, told of men and events of the war period about Knoxville, Chattanooga, and Atlanta, are contained in DuPre's book. Its descriptions of scenery and people and modes of life in East Tennessee, Northern Georgia, and Alabama, and of the morals and manner of thinking of the people and soldiers of the South, and of the relation of these to the Negroes, are indescribably attractive. The adventures and desperate deeds of 'Rebel' scouts and of 'Bushwhackers,' (native fighting Unionists) constitute fascinating chapters in this unique volume."

Rhode Island Jewish Historical Notes

In this book I have written about some aspects of the war which, I believe, the world must know and remember, not only as a memorial of men's courage in tragic years, but as a warning of what will happen again--surely--if a heritage of evil and of folly is not cut out of the hearts of peoples. Here it is the reality of modern warfare not only as it appears to British soldiers, of whom I can tell, but to soldiers on all the fronts where conditions were the same.

Read Book Creating Judaism History Tradition Practice

Joshua Norton may have lost his mind, but that didn't stop him from successfully declaring himself Emperor of the United States and Protector of Mexico in 1859. After growing and then losing his inheritance during the California Gold Rush, Norton commiserates in total isolation with a locket containing the visages of his parents. Once delusions of grandeur fully pervade his twisted mind, he rises from bankruptcy and emerges from exile to proclaim his majestic authority over an obliging San Francisco population. On his final brisk and rainy eve, Norton gifts the locket to a young boy. Years later, Emma, the boy's daughter, comes to possess the item and quickly discovers a cryptic clue alluding to treasure. Her adventurous nature allows her obsession with the locket to grow rampantly as more clues are revealed, leading her - and her reluctant fiancée - to South Africa and Norton's footprints. Spanning nearly a century and including natural disaster, adventure, and romance, **MAJESTIC MADNESS** is a historical fiction novel which offers a colorful insight into the eccentric world of Emperor Norton and his mysterious locket.

Buddhisms

“An important beginning to understanding the truth over myth about Judaism in American history” (New York Journal of Books), Steven R. Weisman tells the dramatic story of the personalities that fought each other and shaped this ancient religion in America in the eighteenth and nineteenth centuries. The struggles that produced a redefinition of Judaism illuminate the larger American experience and the efforts by all Americans to reconcile their faith with modern demands. The narrative begins with the arrival of the first Jews in New Amsterdam and plays out over the nineteenth century as a massive immigration takes place at the dawn of the twentieth century. First there was the practical matter of earning a living. Many immigrants had to work on the Sabbath or traveled as

Read Book Creating Judaism History Tradition Practice

peddlers to places where they could not keep kosher. Doctrine was put aside or adjusted. To take their places as equals, American Jews rejected their identity as a separate nation within America. Judaism became an American religion. These profound changes did not come without argument. Steven R. Weisman's "lucid and entertaining" (Publishers Weekly, starred review) *The Chosen Wars* tells the stories of the colorful rabbis and activists—including Isaac Mayer Wise, Mordecai Noah, David Einhorn, Rebecca Gratz, and Isaac Lesser—who defined American Judaism and whose disputes divided it into the Reform, Conservative, and Orthodox branches that remain today. "Only rarely does an author succeed in writing a book that reframes how we perceive our own history. *The Chosen Wars* is fascinating and provocative" (Jewish Journal).

Antarctic Odyssey a New Beginning

In A Modern Utopia, two travelers fall into a space-warp and suddenly find themselves upon a Utopian Earth controlled by a single World Government.

The Gift in Antiquity

Read Book Creating Judaism History Tradition Practice

Jew. The word possesses an uncanny power to provoke and unsettle. For millennia, Jew has signified the consummate Other, a persistent fly in the ointment of Western civilization's grand narratives and cultural projects. Only very recently, however, has Jew been reclaimed as a term of self-identification and pride. With these insights as a point of departure, this book offers a wide-ranging exploration of the key word Jew—a term that lies not only at the heart of Jewish experience, but indeed at the core of Western civilization. Examining scholarly debates about the origins and early meanings of Jew, Cynthia M. Baker interrogates categories like “ethnicity,” “race,” and “religion” that inevitably feature in attempts to define the word. Tracing the term's evolution, she also illuminates its many contradictions, revealing how Jew has served as a marker of materialism and intellectualism, socialism and capitalism, worldly cosmopolitanism and clannish parochialism, chosen status, and accursed stigma. Baker proceeds to explore the complex challenges that attend the modern appropriation of Jew as a term of self-identification, with forays into Yiddish language and culture, as well as meditations on Jew-as-identity by contemporary public intellectuals. Finally, by tracing the phrase new Jews through a range of contexts—including the early Zionist movement, current debates about Muslim immigration to Europe, and recent sociological studies in the United States—the book provides a glimpse of what the word Jew is coming to mean in an era of Internet cultures, genetic sequencing, precarious nationalisms, and proliferating identities.

Edwy the Fair ; Or, The First Chronicle of Aescendune

In this riveting book you get what the title promises. This is Gabriella's story; a story of a woman who wanted to be reborn. SPECIAL EDITION: If you would like to purchase the book in

paperback, but would like to see the images in colour, click 'See all formats and editions' and choose the more expensive paperback version. There are many photographs inside the book, which in the colour version, make the book come alive. Antarctic Odyssey: A New Beginning is written by Gabriella Guglielminotti Trivel, also known as "The Flying Witch" due to her wit and her passion for flying. She is an Italian linguist who started working in Italy as a tour leader and interpreter, then moved to the UK in 1998. She worked in the travel business for several years and then, due to being made redundant from work, she decided to pursue her other passion in life, the human mind and its potential. She trained in neuro-linguistic programming (NLP) and investigated several alternative therapies including reiki, shiatsu, Aura-Soma, The Demartini Method, macrobiotics, do-in, aromatherapy, reflexology, hypnotherapy, Time Line Therapy, The Journey, and The Work of Byron Katie, which all gave her a better and holistic understanding of the human being that we all are. In 2008 Gabriella joined a group of people going to Antarctica to face their fears and limiting beliefs - to test herself and put into action first hand and in a dramatic way what she learnt, and then pass it on to others. She wrote a book about it where she describes her inner journey while she was down under with penguins, seals and the ice. Since 2009, she helps women to discover their potential through their menstrual cycle, something that still to these days is considered taboo and is called "the curse". She does workshops and personal sessions with women to share her knowledge and personal experience of her feminine cycle, and with men to help them understand how women work and how to be an aware partner to deepen their intimate relationships. Her vision is to create the woman of the 21st century who is totally in line with herself, her beliefs, her body and her vision so as to reharmonise the planet and create a more harmonious way of living for both men and women.

Wi-fi Developments

How can we define "Judaism," and what are the common threads uniting ancient rabbis, Maimonides, the authors of the Zohar, and modern secular Jews in Israel? Michael L. Satlow offers a fresh perspective on Judaism that recognizes both its similarities and its immense diversity. Presenting snapshots of Judaism from around the globe and throughout history, Satlow explores the links between vastly different communities and their Jewish traditions. He studies the geonim, rabbinical scholars who lived in Iraq from the ninth to twelfth centuries; the intellectual flourishing of Jews in medieval Spain; how the Hasidim of nineteenth-century Eastern Europe confronted modernity; and the post-World War II development of distinct American and Israeli Jewish identities. Satlow pays close attention to how communities define themselves, their relationship to biblical and rabbinic texts, and their ritual practices. His fascinating portraits reveal the amazingly creative ways Jews have adapted over time to social and political challenges and continue to remain a "Jewish family."
