Finding God

A Life of Meaning

"This definitive guide is a complete source on Reform Jewish practice. This accessible compendium covers the full range of Jewish living, including worship, holidays, life-cycle events, tikkun olam, and everyday Jewish living. The author understands Reform Judaism as a modern development of two millennia of Jewish thinking, and in so doing he draws upon traditional Jewish texts and sources, as well as on the Reform literature that has emerged as a response to that tradition, to create a modern classic"-----Provided by publisher.

She was a young German Jew. He was an ardent member of the Hitler Youth. This is the story of their parallel journey through World War II. Helen Waterford and Alfons Heck were born just a few miles from each other in the German Rhineland. But their lives took radically different courses: Helen's to the Auschwitz extermination camp; Alfons to a high rank in the Hitler Youth. While Helen was hiding in Amsterdam, Alfons was a fanatic believer in Hitler's "master race." While she was crammed in a cattle car bound for the death camp Aushchwitz, he was a teenage commander of frontline troops, ready to fight and die for the glory of Hitler and the Fatherland. This book tells both of their stories, side-by-side, in an overwhelming account of the nightmare that was WWII. The riveting stories of these two remarkable people must stand as a powerful lesson to us all.

Each chapter includes a short, judiciously chosen selection from the given author, along with questions to guide the reader through the material. Short biographical essays at the end of each chapter offer the reader recommendations for further readings and provide the low-down on which books are worth the reader's while. Writer's Guide to Book Editors, Publishers, and Literary Agents, 2003-2004

Contemporary Jews often find meaning in Judaism's family and communal orientation, its beautiful rituals, its enriching culture, its sense of ethnic rootedness, and its moral values. For the classical Jewish tradition, however, all of these features of Judaism depend on a belief in God. Since many modern Jews do not know what to make of that belief, it is often ignored. They may be inspired by Judaism's high regard for education and its passion for justice, but their belief in God rests on childhood images of the Almighty. They are often embarrassed and uneasy, for they sense that their attachment to Judaism may be based upon intellectual quicksand. Motivated by just such feelings, Rabbi Elliot Dorff probes what we as adults can know about God through human reason, human and Divine words, and human and Divine action. Without assuming a background in philosophy, he skillfully takes us through some of the major philosophical options and conundrums in using each of these sources of knowledge about God and the images of God that result. With remarkable clarity and inspiring honesty, Rabbi Dorff's exploration results in a vibrant Jewish faith, one that takes due regard for both the emotional and intellectual sides of our being. Dorff's own personal quest, artfully woven throughout this spiritually uplifting volume, aids the reader to make his or her own Judaism emotionally satisfying and intellectually sound. The result is a Judaism that can be for the modern reader what it is for the author: the product of a love of God 'with all one's heart, with all one's soul, and with all one's might.'

A Wrinkle in Time

To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, *Christus Vivit*, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment *Christus Vivit* is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

Moral Treatises Of St. Augustine

Fresh, Witty Approach to Friendship with God from a Popular Author and Filmmaker The God of the Bible gets happy, angry, sad. We can bless him. He is jealous, giving, patient, protective, loving. He has character traits, a personality. Yet God is often viewed as an absentee landlord, a distant deity, an enigma with a frowning face; and we carry the defeatist expectation that we will never truly know him. Popular filmmaker Darren Wilson shows from Scripture that this isn't so. Having traveled the world over for his documentaries and witnessed the miraculous more times than he can count, he comes to the Bible with an entirely fresh perspective to show readers how to approach God and how to understand their relationship to--and with--him. At turns humorous and poignant, Wilson gives readers new understanding of some very familiar stories in the Bible, as well as modern-day stories of divine intervention, to show what these reveal about the character and personality of the Father--and how we can enter into a true, collaborative friendship with our Creator.

Knowing God

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Finding God

This volume is accurately annotated, including * an extensive biography of the author and his life * working interactive footnotes The moral treatises contain much

that will instruct and interest the reader; while some views will appear strange to those who fail to distinguish between different ages and different types of virtue and piety. Augustine shared with the Greek and Latin fathers the ascetic preference for voluntary celibacy and poverty. He accepted the distinction which dates from the second century, between two kinds of morality: a lower morality of the common people, which consists in keeping the ten commandments; and a higher sanctity of the elect few, which observes, in addition, the evangelical counsels, so called, or the monastic virtues. He practiced this doctrine after his conversion. He ought to have married the mother of his son; but in devoting himself to the priesthood, he felt it his duty to remain unmarried, according to the prevailing spirit of the church in his age. His teacher, Ambrose, and his older contemporary, Jerome, went still further in the enthusiastic praise of single life. We must admire their power of self-denial and undivided consecration, though we may dissent from their theory. Contents: St. Augustine: On Continence. The Way Into Jewish Prayer

Finding God in the Bible

An honest, probing look at the dynamics of the New Testament - in relation to problems that disconcert Jews and Christians today. Despite the New Testament's impact on Jewish history, virtually all Jews avoid knowledge of its underlying dynamics. Jewish families and communities thus remain needlessly stymied when responding to a deeply Christian culture. Their Christian friends, meanwhile, are left perplexed as to why Jews are wary of the Gospel's "good news." This long-awaited volume offers an unprecedented solution - oriented introduction to Jesus and Paul, the Gospels and Revelation, leading Jews out of anxieties that plague them, and clarifying for Christians why Jews draw back from Christians' sacred writings. Accessible to laypeople, scholars and clergy of all faiths, innovative teaching aids make this valuable resource ideal for rabbis, ministers and other educators. Topics include: The Gospels, Romans and Revelation - the Key Concerns for Jews Misusing the Talmud in Gospel Study Jesus' Trial, the "Virgin Birth" and Empty Tomb Enigmas Millennialist Scenarios and Missionary Encroachment The Last Supper and Church Seders Is the New Testament Antisemitic? While written primarily with Jews in mind, this groundbreaking volume will also help Christians understand issues involved in the origin of the New Testament, the portrayal of Judaism in it, and why for centuries their "good news" has been a source of fear and mistrust among Jews.
