Jacob - Wikipedia

Of course, also bear in mind that titles vary significantly around the world (see below). As mentioned earlier, because it is not only women who change their family names, it may be better for a form to ask for 'Previous name' rather than 'Maiden name' or 'n é e' .

Persian language - Wikipedia

Etymology. According to the folk etymology found in Genesis 25:26, the name Ya'aqob is derived from aqeb "heel", as Jacob was born grasping the heel of his twin brother Esau. The historical origin of the name is uncertain, although similar names have been recorded. Yaqub-Har is recorded as a place name in a list by Thutmose III (15th century BC), and later as the

Chemistry (CHEM) & Penn State

Persian (/ p r n,- n /), also known by its endonym Fars (, F rs , [f si] ()), is a Western Iranian language belonging to the Iranian branch of the Indo-Iranian subdivision of the Indo-European languages. Persian is a

Selected concepts and topics designed to give non-science majors an appreciation for how chemistry impacts everyday life. Students who have received credit for CHEM 3, 101, 130, or 110 may not schedule this course. CHEM 1 is designed for students who want to gain a better appreciation of chemistry and how it applies to everyone's everyday life. You are expected to have an interest in

Python parentheses primer. If you have children, then you probably remember them learning to walk, and then to read. If you're like me, you were probably amazed by how long it took to do things that we don't even think about. Things that we take for granted in our day-to-day lives, and which seem so obvious to us, take a long time to master.
