The Laws & Customs of Yom Kippur

A Semicha textbook: An English guideline for learning Hilchos Shabbos needed for Semicha, and for everyday learning o Hilchos Shabbos. Focuses on the Shulchan Aruch Harav. Split into two volumes. This Second volume contains all the laws in Shulchan Aruch Chapters 313-317 and 319-330 and 334The laws include: Building Trapping Killing Tying BorerWinnowing Squeezing Melting Molid ReichDying SaltingGrindingKneading BathingMedicineChildbirthThe following are many useful features provided within:Translation of each Halacha from the Hebrew text in Shulchan Aruch Harav!Compilation of the laws in accordance to topic: Many times the full details regarding a specific law being learnt in the Shulchan Aruch of Admur is not fully dealt with in that law, and is rather expounded on in later laws or chapters and at times even in another subject all together. Thus we took upon ourselves to compile all the details of a law mentioned by Admur under the topic of that law. Thus the learner can come to a proper conclusion of the topic of the Halacha being learned.Explanation: Many times we have added words into the translation to help the reader flow through the text, and add proper understanding to the law being read. All words added by the translator within a translated Halacha have been placed in brackets so the reader can differ between the translated words used by Admur, and that added by the author. We have also taken the liberty of explaining difficult laws within the many

footnotes added into the translation. Summary: Without doubt, one of the major features of the book is its concise summary which follows each and every law which is learned. In the Shulchan Aruch there are at times many opinions, many details and reasons mentioned in a given law which effect one's understanding of the outcome of the final ruling. The summary sifts through all the details mentioned in a given Halacha and brings out a clear final Halachic ruling which results from the above. The Q&A: The Q&A which follow each summary lend the learner a greatly needed base knowledge for practical application of the resulting law learned within a topic. Many times even after one has sifted and comprehended the final ruling of Admur, its influence within practical cases remain obscure. This is besides for the fact that researching a question amongst the sea of Poskim is both time comprising as well as not always practical. We therefore have compiled many major practical Halachic questions which connect with a given Halacha that was learned. The answers given have been compiled from various sources, including Shabbos Kehalacha, Piskeiy Teshuvos, Shemiras Shabbos Kehilchasa as well as the many resources of Poskim brought within these Sefarim. Haskamas: The Sefer contains Haskamas from Rabbi Boaz Yurkavitch, Rav of Chabad in Lud. And Rabi M.M. Gluchovsky, the Chabad Rav of Rechovot, and member of Beis Din Rabbanei Chabad.

When Caring Counts Most

The study of Shulchan Aruch at times is very challenging in terms of clarifying the final stance of the learned subject. This especially applies in instances that many cases and opinions exist within a given topic. In addition, throughout the generations hundreds of practical questions on the laws in Shulchan Aruch arose. Even amongst the currently available English literature, the opinion of the greatest of the Achronim, the Shulchan Aruch Harav, is many times omitted or not given its proper presence. This Sefer tackles all the above deficiencies. A clear summary of the rulings of Shulchan Aruch Harav, in the order of his Shulchan Aruch, together with hundreds of practical Q&A that were compiled from classical Halachic sources. All this is compiled with an emphasis of the Chabad custom and informative footnotes that lend the reader background information and other opinions voiced on the subject matter. The current Sefer is a thorough summary of the first seven chapters in Shulchan Aruch and chapters 46-47, and covers all the laws relevant to morning conduct. Follows the rulings of the Shulchan Aruch Harav with Chabad Minhagim. Contains a wealth of fascinating footnotes that gives the reader great background knowledge, useful and interesting information, and a glimpse of opinions held by other Poskim, such as the Michaber and Mishneh Berurah. Contains Hundreds of practical Q&A with insights from Chassidus and Kabala! It covers questions such as: In what position of the hands did the Rebbe Rayatz state one is to perform Modeh Ani? Is one to cover his Neigal Vasser prior to sleep? May one delay the Bracha of Netilas Yadayim until after Mikveh? How is one to get dressed-up to down or down to up? Must one wash hands after

cutting another person's nails??May one enter a dollar bill into the bathroom??May one recite Birchas Hashachar prior to morning??And hundreds more of practical questions that have been compiled from the sea of Poskim all with an ?emphasis on the opinion of the Alter Rebbe and the aged Chabad custom.?Haskamas were assigned to the book by leading Chabad Rabbanim.?

The tradition of reading the Torah in Shul on its set days is one of the oldest and most well cherished customs amongst world Jewry. What many don't know, are the myriads of detailed laws associated with this Holy Mitzvah and tradition. Whether it be in regard to the history of its initiation and its reason, or in regard to laws detailing its criteria of validation. Who is obligated in the Mitzvah? Must a woman hear Kerias Hatorah? What is the order of Pesicha, Hagbah, Gelila? What is the order of an Aliyah? Who may receive an Aliyah? Who may serve as a Baal Korei, and what are his associated laws? What is incumbent upon the congregation during the reading? Must they stand? What is to be done if mistakes occur during the reading? What is even defined as a mistake? What issues can come up during the reading that can pose an invalidating factor? What must a Gabaiy know in order to facilitate a proper Kerias Hatorah according to Jewish law? In this Sefer we tackle all the above issues and many more, all concisely explained and clarified within 18 chapters, that include a directive of practical Halacha, and encyclopedic Halachic background knowledge of the cases at hand. This Sefer is revolutionary, and is a must have for every Shul and Minyan in order to facilitate finding clear and proper Halachic guidance that will ensure that Kerias Hatorah in their Shul is performed properly and with its due honor and respect!

English literature available on Chassidus has increased tenfold throughout the years, having us witness a real breakthrough in this regard. Hundreds of classical Chassidic texts have been translated and annotated by renowned writers and publishers. The monumental work of Tanya has been translated, explained, and disseminated in English throughout all corners of the globe. Nonetheless, we find that one of the greatest works of Chassidic thought has not yet found its way onto the English bookshelf, the Mamarim of Torah Or and Likkutei Torah of the Alter Rebbe. These works are considered to be the Oral Torah of the Tanya and are hence complementary to it. The Mamarim of Torah Or and Likkutei Torah are the foundation of most of the Mamarim of Chassidus of all the later generations. One of the reasons for the lack of an English counterpart for this Sefer is because of its great depth and advanced Kabbalistic jargon. It is our great honor to offer the English-speaking public the first full English counterpart for the great, illustrious works of Torah Or and Likkutei Torah. The Sefer includes a single Mamar per Parsha, which is summarized, explained, and brought into practical application for the reader. The Mamarim are not a direct translation of the Hebrew original, but rather a content summary of the Mamar. At times, due to the extended length of a certain Mamar, we may only summarize a certain section of the Mamar, and not the Mamar in its entirety. Each Parsha features a single selected Mamar from amongst the many Mamarim that are printed in the Hebrew original, giving our readers a taste and glimpse of the full content of this monumental work. Our main goal is for the reader to receive the content knowledge of the most fundamental Mamarim written by the Alter Rebbe, and for him to be given the tools for how to implement this knowledge within his daily life. Each Mamar concludes with a lessons box that summarizes the practical life lessons that we can derive from the Mamar. Also included are interesting parables that we find easy to relate to and help us to digest the content being studied, and internalize it. It is our heartfelt prayer that the Mamarim in this Sefer will uplift your spiritual experience and give you spiritual hope, faith, love, and trust in Hashem, being the light that illuminates your relationship with G-d.

The Laws & Customs of Mourning-Summary Edition

Derived by the author from interviews and oral histories, these eighty-nine original Hasidic tales about the Holocaust provide unprecedented witness, in a traditional idiom, to the victims' inner experience of "unspeakable" suffering. This volume constitutes the first collection of original Hasidic tales to be published in a century. "An important work of scholarship and a sudden clear window onto the heretofore sealed world of the Hasidic reaction to the Holocaust. Its true stories and fanciful miracle tales are a profound and often poignant insight into the souls of those who suffered terribly at the hands of the Nazis and who managed somehow to use that very suffering as the raw material for their renewed lives." -- Chaim Potok "A beautiful collection." -- Saul Bellow "Yaffa Eliach provides us with stories that are wonderful and terrible -- true myths. We learn how people, when suffering dying, and surviving can call forth their humanity with starkness and clarity. She employs her scholarly gifts only to connect the tellers of the tales, who bear witness, to the reader who is stunned and enriched." -- Robert J. Lifton "In the extensive literature on the Holocaust, this is a unique book. Through it we can attain a glimpse of the victims' inner life and spiritual resources. Yaffa Eliach has done a superb job." -- Jehuda Reinharz

The Laws & Customs of Mourning

An exploration of the Kastner affair: a conspiracy, a violation of conscience, criminal betrayal. Picture those early days when the new nation of Israel was being formed in the region of Palestine European Jews had just endured history's ultimate holocaust. Allied governments such as Great Britain had refused to take action to block the trains from carrying thousands of them to certain death. In those final days before the end of the war, the epicenter of the Nazi extermination effort was Hungary. Jews had fled there from Germany and Poland, but they could not outrun the shadow of death. That is the obvious truth, but was there more? Was there collaboration with the enemy that resulted in these murderous acts? Can you really trust governments and leaders to do what is right and best for those they represent? As Edmund Burke declared, "The only thing necessary for the triumph of evil is for good men to do nothing." But what happens when those who are trusted as good join forces with evil? Underlying this story is a bizarre tapestry of deception at the highest levels of government with the lives of many innocents in the balance. The libel trial of Rudolf Kastner, a prominent journalist representing the new government and supported by its Prime Minister David Ben Gurion, establishes the outline of that hidden past, protected by the political interests of some of Israel's early leaders. A true classic History that reads like a mystery novel when villains parade themselves as heroes and the real heroes are targets of evil.-Print ed. Includes 204 photos, plans and maps illustrating The Holocaust

The surprise election of Donald J. Trump as President of the United States evoked passionate reaction across the American political spectrum. It seemed as if not one American was neutral. Trump's supporters adored him, while the expressions of hatred of many of his opponents defied the norms of civil debate. Well into the Trump presidency, one community, the Jews, on both sides of the ocean, has been on the front lines of the continuing Trump debate that has gripped the nation. Trump's relationship with the Jewish community is unique in its very personal nature. Some of his key policy decisions affecting Jerusalem, the Iran nuclear deal, and even economic policy, have been influenced by positive relationships of trust that Trump maintained through the years as a high-profile businessman in New

Holy Woman chronicles the life, times, hardships, and legacy of Rebbitzten Chaya Sara Kramer, an extraordinary woman whom many considered a Jewish saint. A survivor of the medical experiments of Nazi death camp Doctor Joseph Mengele, she made a new life in Israel, where she married an unusually gifted mystic. In spite of penury and deprivation, the couple was an inspiration and guide to thousands. More of a life manual than a biography, this book explicates the profound life lessons by which Rebbitzten Kramer lived. Author Sara Yoheved Rigler draws the reader into the inner circle of her own close relationship with the Rebbitzten. Herself a serious searcher, Rigler spent 15 years in an Indian ashram before coming to Israel to reconnect with her Jewish origins. Refreshingly written and elegantly relevant, Holy Woman is a book for spiritually oriented persons who yearn to learn secrets of personal greatness from a truly hidden and humble Jewish luminary.

The purpose of this Sefer is to provide the English-speaking public the full breadth of Halachic and Hashkafic knowledge on everything related to the subject of intimacy. This book is primarily a compilation of Halachic rulings and sources which are scattered throughout the Talmud and Poskim, as well as the acts of piety recorded in the Sifrei Mussar and Kabbalah. Gathering all this Halachic information compiled from hundreds of sources into a single book, will allow the reader to research any questions he may have relating to marital intimacy, as sensitive and shy as it may be. Another aspect of this book is the delineation of the proper perspective that a Jew should have towards intimacy according to Torah and the classical works of Mussar and Kabbalah. There is a unique Jewish philosophy recorded regarding intimacy, and being indoctrinated with this perspective is as important as the study of the laws

themselves. With this book we desire to encourage Jewish couples to perform intimacy in a most pious and holy manner, and to give them the knowledge to differentiate between law and stringency so they can know when and where they maintain the flexibility to be lenient, if needed. We aspire that the raising of the level of Kedusha that this book is set to influence will have a long and lasting effect on the current and coming generation, meriting the Jewish people with pure and holy children.

The Torah Personality

The Mitzvah of Tefillin is one of the oldest and most well cherished Mitzvos amongst world Jewry. What many don't know, are the myriads of detailed laws associated with this Holy Mitzvah and tradition. For example: What is the greatness of the mitzvah? How was this mitzvah originally fulfilled? Can someone put on Tefillin after sunset? What about a person who doesn't have a shirt? What is the correct order of wearing Tefillin and where are the exact areas that it should be worn on the arm and head? What about someone who's a lefty or ambidextrous? Should a blessing be repeated if I went to the bathroom? Why do some people wear Tefillin of Rabbeinu Tam, and what is the law if I accidentally put it on before Rashi? what are the detailed laws of respecting the Tefillin? Can I eat with them, can I sleep with them, and can I simply talk while wearing them? Can I take it with me into an airport bathroom? How do I purchase a Kosher and Mehudar pair of Tefillin? How do I upkeep the maintenance of my Tefillin? What are the essential laws relevant to a Sofer and the writing of Parshiyos? What are the detailed Kashrus laws of the Batim and straps? What are things that are important to know during Mivtzaim? In this Sefer we tackle all the above issues and many more, all concisely explained and clarified within 9 chapters, that include a directive of practical Halacha, and encyclopedic Halachic background knowledge of the cases at hand. This Sefer is revolutionary, and is a must have for every Shul and Minyan in order to facilitate finding clear and proper Halachic guidance that will ensure that the Mitzvah of Tefillin in their Shul is performed properly and with its due honor and respect!

The study of the laws of mourning is traditionally ignored amongst scholarly circles and Yeshivos, due to its morbid content. This tradition has led to a lack of proper knowledge of the laws and customs associated with mourning and burial, which become very much relevant to those who are suddenly faced with the reality of a deceased loved one. In this work, split to three volumes, we carefully organize and clearly delineate all the laws and customs relevant throughout the mourning period, as well as the period preceding the death, and those which extend past the mourning. In this third volume, a summary and checklist of all the laws of Aveilus explained in the previous two volumes is brought. It serves the reader as great quick reference and review guide for the basic Halachos, and reminders of customs and laws applicable during the various stages of mourning.
