If Dinosaurs Lived in My Town

Explains how the various orders and suborders of dinosaurs were similar and different in structure and appearance.

How Do Dinosaurs Say Happy Birthday?

Imagine a town where dinosaurs never went extinct. What would you do? Would you frantically run away and hide under your bed? Or, would you have a hamburger-eating contest with a Tyrannosaurus rex; go fishing with a Rhamphorhynchus; or travel through space with a Coelophysis? The possibilities are endless! Can you guess which dinosaur would be a crossing guard, a babysitter, or a circus star? Presenting enjoyable, quirky scenarios led by lovable but gigantic creatures, readers of all ages will surely be whisked away to a world where a Stegosaurus, Velociraptor, and Leaellynasaura are merely your friendly neighbors. Marianne Plumridge includes insightful facts about your favorite dinos, which complement Bob Eggleton's vivid and imaginative illustrations to create a thrilling experience for kids and parents to enjoy. Prepare to enter a world ruled by dinosaurs and humans alike!

How the Dinosaur Got to the Museum

14 Dinosaurs are playing hide and seek. I wonder where they've got to, let's take a peek! In this fun, spot the dinosaur puzzle game, you'll travel through a funfair, a building site, a train station, a snowy park and many more locations in the search for some lovable (and possibly slightly scary) reptiles who've gone walkabouts. See if you can find Roxy, Steggers and Dash - and don't forget Chompus along the way! A great book for 2-4 year olds. For the kids who like *Where's Wally/Waldo* books but find the puzzles a little tricky. This book is printed by Amazon using 60-pound smooth bright offset white paper. While many children's books are printed this way, some may be expecting a satin-style finish. Please take this into consideration before purchasing. Thank you.

Dinosaurs Are Different

As only she can, Aliko brings the splendor of aquatic animals and their habitats to life in this dazzling picture book. Filled with amazing fish facts and brilliant full-page spreads, this is a visit to the aquarium that kids will want to make again and again. Full color.

How Do Dinosaurs Go to School?

Welcome to *Wimmelworld*--a land of few words, yet endless entertainment--for curious kids age 2 to 5! In these one-of-a-kind picture books, every page is

bursting with life—and tons to discover! Children as young as age 2 have a blast pointing out recognizable things, while older kids can follow the star characters from page to page, telling their stories along the way. How? Wimmelbooks are virtually instruction-free, inviting kids to make their own way through the busy Wimmelworld they encounter, and to craft their own stories. First, you're introduced to a unique cast of characters who are hidden in plain sight on the pages that follow. As you seek them out, each character's storyline unfolds, but it's up to kids to interpret the scenes and create stories they think fit. It's hours upon hours of fun—and an effortless introduction to literacy to boot. My Big Wimmelbook—Dinosaurs is a blast from the past—the Mesozoic Era, to be exact! From the famous Tyrannosaurus to the curious Triceratops, readers will be introduced to a cast of unique dino-kids as they go about their day swimming, flying, and stampeding through the dense jungle, by the seaside, up a bustling river, and more! ----- Wimmelbooks originated in Germany decades ago and have become a worldwide sensation with children (and adults!) everywhere. My Big Wimmelbooks is the first-ever Wimmelbook series to feature Wimmelbooks as Wimmelbooks in English.

Dinosaurs! My First Book about Carnivores

Read Along or Enhanced eBook: Kids are in for Jurassic-sized laughs as they follow a boy in his quest to bring a pterodactyl to school. And not just any pterodactyl: this one wards off bullies, loves to read stories, and makes an excellent science display. Hilarious illustrations capture the madcap imagination of the determined hero and his creative pleas to his teacher.

Dinosaur Bones

The doctor's office can be intimidating for someone unsure of what to expect. In this book, the dinosaurs know that a trip to the doctor's office can be fun. Whether just visiting for a checkup or to get better after an illness, the doctor only wants to help little dinos get back to full health! Getting weighed, tapping on knees, and important questions from the doctor are all part of the journey in this exciting book for beginning readers that turns a scary situation into something fun.

Dinosaurs' Christmas

Dinosaurs are extinct now, but you can visit dinosaur skeletons in a museum. There you will meet Brachiosaurus, Stegosaurus, and Diplodocus and learn how they ruled the earth millions of years ago. You'll see dinosaurs with over 1,000 teeth, dinosaurs who could swim, meat-eaters and plant-eaters. And, of course, you'll meet the king of all dinosaurs, the gigantic Tyrannosaurus rex.

My Big Dinosaur Book

How Do Dinosaurs Say I Love You?

From the creative parents who brought the world the web sensation "Dinovember" comes photographic proof of what toys get up to when the rest of the house is asleep. You might have noticed weird things happening in your house. Unexplainable messes. Food all over the kitchen floor. Who could the culprits be? Dinosaurs! Boasting bright and hilarious photographs, along with a story written from the point of view of an older, wiser sibling, Refe and Susan Tuma's picture book documents a very messy adventure that shows just what the dinosaurs did last night.

Dinosaurs On My Street

Prehistoric monsters show up in the weirdest places! Welcome to the world of Dinosaurs On My Street, where life goes on as normal except that dinosaurs roam the city streets. This colorful book about dinosaurs is for young readers. And what child doesn't enjoy dinosaurs? Each book uses amazing computer artwork to place the dinosaurs in a modern city environment of buildings, cars, trucks, fire engines, parks and construction sites. Dogs and people of all sizes and ages are in awe of the huge creatures. The dinosaur illustrations are accurate in relative size, shape and color. Readers get a real sense of how enormous dinosaurs were -- bigger than buildings with tails as long as a city block and jaws that could swallow a car in one gulp. Simple descriptive text is in big clear letters for young readers. A pronunciation guide helps with the dinosaurs' tongue-twisting names and a picture compares each dinosaur's height with that of a child. The colorful full-page drawings, however, are the main attraction. Thirty scenes of street settings with lots of action and people in the familiar activities of day-to-day life will engage all dinosaur fans. Dinosaurs On My Street is a fun face-to-face meeting with the giants of prehistory as they overrun our city streets.

When Dinosaurs Came with Everything

When dinosaurs go visiting, they wear their nicest clothes. Their nicest shoes, their nicest shirts, their nicest pair of hose. This rollicking, rhyming verse describes a colorful cast of dancing dinos whose favorite activity is socializing. The hilarious story perfectly matches the whimsy of the illustrations, as a familiar event is brought to life in this playful picture book. A delightful read-along treat, it's perfect for storytime at home or amusement on the road.

The Big Book of Dinosaurs

Everybody's favorite bestselling dinosaurs are back to say I love you, now in board book perfect for babies and toddlers! Parents and children can never have enough ways to say I love you--and America's favorite dinosaurs are giving families a funny book, perfect for bedtime, storytime, anytime. Even when little dinosaurs are naughty, it's important to remind them that no matter what they do, they are always loved. In this book, readers will laugh aloud as parents cope with the typical antics of childhood, but in the end, hugs and kisses show your little one how much you care.

My Visit to the Aquarium

Uses models and illustrations to identify more than one hundred dinosaurs.

Can I Bring My Pterodactyl to School, Ms. Johnson?

Rhyming text and illustrations present some of the ways dinosaurs can play with their friends, from hogging the swings to sharing toys.

Cómo Dan Las Buenas Noches Los Dinosaurios?

How did those enormous dinosaur skeletons get inside the museum? Long ago, dinosaurs ruled the Earth. Then, suddenly, they died out. For thousands of years, no one knew these giant creatures had ever existed. Then people began finding fossils -- bones and teeth and footprints that had turned to stone. Today, teams of experts work together to dig dinosaur fossils out of the ground, bone by fragile bone. Then they put the skeletons together again inside museums, to look just like the dinosaurs of millions of years ago.
