Red Wind and Thunder Moon

Ducks in Thunder

In the rugged frontier of the 1887 Ozark hills, the scars from the Civil War are raw. Organized law has failed to protect its citizens. Lawlessness and chaos reign. Responding to murders gone unpunished and savagery of every sort, Dave Walker, a farmer and church deacon, leads a righteous vigilante group known as the Bald Knobbers on armed night rides to protect their families and way of life. In response, a sheriff of questionable scruples is appointed by the governor to end their activities and return order. Dave and his wife Sarah have two sons. Will is seventeen years old, full of fire and vinegar and recently voted second in charge of the Bald Knobber organization. Rube is eleven years old and a strange child. Vastly intelligent, Rube is beset with visions, bizarre behavior and spends his days speaking with animals. The troubled child has a tempest building within himself. Dave Walker's riders share the rugged timber with older and darker things. The mysterious Indian shaman Abraham White Tree seems made of shadow and fog. Shunned and hunted by his tribe and the white men alike, he practices the old ways and feels that Walker's son Rube is special; perhaps even the return of the ancient being from legend, The Thunder Helper. White Tree befriends the boy to help guide his spirit. The law, the government, honor and the code of the hills are set on a collision course. Their lives soon become a red-hot kettle, boiling over with violence and bloodshed before the nation's eyes. As the lines of justice and honor blur, can Dave Walker and his family, or even their society itself survive When The Thunder Comes?

Silver Thunder

Maggie Armstrong grew up enchanted by her father's tales of blood feuds and border raids. In fact, she could have easily fallen for the man portrayed in one particular image in his portrait collection. Yet when her father reveals he was himself an infamous Border reiver, she finds it a bit far-fetched-to say the least-especially when he announces his plans to return to his sixteenth century Scottish home with her in tow. Suspecting it's just his way of getting her to accompany him on yet another archaeological dig, Maggie agrees to the expedition, only to find herself transported four hundred and fifty years into the past. Though a bit disoriented at first, she discovers her father's world to be every bit as exciting as his stories, particularly when she's introduced to Ian Rutherford, the charming son of a neighboring laird. However, when her uncle announces her betrothal to Ian, Maggie's twentieth-century sensibilities are outraged. She hardly even knows the man. But a refusal of his affections could ignite a blood feud. Maggie's worlds are colliding. Though she's found the family she always wanted, the sixteenth century is a dangerous place. Betrayal, treachery, and a tragic murder have her questioning whether she should remain or try to make her way back to her own time. To make matters worse, tensions escalate when she stumbles across Bonnie Will Foster, the dashing young man in her father's portrait collection, only to learn he is a dreaded Englishman. But could he be the hero she's always dreamed him to be? Or will his need for revenge against Ian shatter more than her heart?

No Quiet among the Shadows

A critical biography of Kipling focuses on the writer's literary and peripatetic searches for a refuge to replace the lost Indian Eden of his childhood

Thorson of Thunder Gulch

DeVoon competently combines the pull of a space story with suspenseful twists and turns of a thriller. He reaches out to the thinking reader, providing a savory touch of art. An example: History is predictable while the pressure builds, then it explodes in a crescendo that no one expected or understands except in awe of its might, just as rocks melt beneath an atomic bomb. In Book Two, the story takes on a much more intimate tone; and although DeVoon's touch is sometimes heavy, his obvious familiarity with the concepts he explores makes that easy to overlook. He also appears to be another of the select group of men with the uncanny ability to portray exclusively female experiences accurately. Almost up to the book's very end, the reader's pulled along and kept guessing as to what's going to happen. Mars Shall Thunder is a satisfying tapestry of space thriller, love story, and thought-provoking observations on the human condition and its systems.

Two Petals, the Contrary, faces the toughest choice of all : She must betray herself and her friends to Smoke Shield or live forever in the backward grip of madness. And Spirit Power has laid a far deadlier trap for them in the rainbow colors just beneath the rolling surface of the Black Warrior River. Thunder Over Zion

The Thunder Moon series represents some of Max Brand's best work, originally published in 1927–28 as a series of interlocking stories. The University of Nebraska Press is now republishing these stories uncut and in the sequence Faust intended, with careful reference to the original typescripts. In order, the works appear in four volumes as The Legend of Thunder Moon, Red Wind and Thunder Moon, Thunder Moon and the Sky People, and Farewell, Thunder Moon. Red Wind and Thunder Moon originally appeared in 1927 issues of Western Story Magazine. In this work, Walking Horse, war chief of the Omissi band of the Cheyennes, pays a mysterious visit to the Suhtai band, among whose foremost chiefs is Big Hard Face. Big Hard Face proudly shows Walking Horse the large herd of fine horses presented to him by his

son, Thunder Moon, who has captured them in daring raids upon their traditional enemies, the Comanches. Feigning a desire to buy some of the horses, Walking Horse cleverly concludes a bargain with Big Hard Face, over Thunder Moon's objections, that obliges the young warrior to accept an unknown gift. Big Hard Face is ecstatic over the good price he has received for the horses; Thunder Moon awaits the "gift" with foreboding.
