Miramont's Ghost

Everything happens in its time. For Jeffrey Oakes, life in the seventeenth century hasn't been the thrilling change of pace he hoped it would be. The lack of power tools, better hygiene, and cold beer has him yearning for the luxuries of his modern-day life. It might all be bearable if he had someone to maneuver the cultural differences and minimal conveniences with someone with whom he could make a life. But among the Scottish countryside, with women so different from himself, he knows his chances of finding such a woman are small. If only Morna could work her magic for him like she has done for so many others. Kathleen Carter's life is changing. With enough money now saved to fulfill her dream of restoring the castle she inherited, her job as housemaid is coming to an end. All she wants now is for moving day to arrive so that she can get to Scotland. She knows she'll have no time for much of a personal life for the next few years, but that's okay—the ruined castle will take all of the love and attention she has to give. Or so she thinks. Little does she know that a move isn't the only big change life has in store for her and that perhaps her dreams might include more than devoting her life to a big, empty castle. Love Beyond Boundaries

A beautifully told and intriguing mystery about two generations of Scottish women united by blood, an obsession with the past, and a long-hidden body, from the author of *The House Between Tides*. Libby Snow has always felt the pull of Ullaness, a headland on Scotland's sea-lashed western coast where a legend has taken root. At its center is Ulla, an eighth-century Norsewoman whose uncertain fate was entangled with two warring brothers and a man who sought to save her. Libby first heard the stories from her grandmother, who had learned it from her own forebear, Ellen, a maid at Sturrock House. The Sturrocks have owned the land where Ulla dwelled for generations, and now Libby, an archaeologist, has their permission to excavate a mysterious mound, which she hopes will cast light on the legend's truth. But before she can begin, storms reveal the unexpected: the century-old bones of an unidentified man. The discovery triggers Libby's memories of family stories about Ellen, of her strange obsession with Ulla, and of her violent past at Sturrock House. As Libby digs deeper, she unravels a recurring story of love, tragedy, and threads that bind the past to the present. And as she learns more of Rodri Sturrock, the landowner's brother, she realizes these forces are still at work, and that she has her own role to play in Ulla's dark legend.

Morna's Legacy

A curse, a ghost, and a painting that goes bump in the night might just be the key to their perfect romance. Madeline knows firsthand that life rarely goes according to plan. If it did, her husband would still be alive, Scotland wouldn't be her home, and she wouldn't be living in the seventeenth century. Hardened by grief and broken dreams, Madeline hopes that a new life for her and her daughter might be enough to pull her from her years' long rut. Despite her best efforts in a new century, little changes. As the months pass, her wish for a happier tomorrow seems unlikely to come true. But when a newcomer with ties to the castle arrives in the village, Madeline's interest is piqued for the first time in years as she discovers maybe there's more reason to be hopeful than she originally thought. Expert stone mason, Duncan, never dreamed that accepting a seemingly-harmless painting in exchange for his work would lead to such trouble. But after nights of no sleep make it clear that his new possession is indeed haunted, Duncan sets out to return the wretched piece of art back to its home at McMillan Castle. Determined only to rid himself of the art, Duncan's plans are derailed when he meets a lass so bonny he finds himself eager to accept work that will keep him at McMillan Castle longer than planned. As time passes and his feelings grow, Duncan discovers that perhaps his home is no longer the place he left behind. Is their love strong enough for the two of them to overcome their baggage? Or will the story end with the curse that brought them together? Scroll up and grab your copy today. Women of the Dunes

It began nearly four hundred years ago. The Conall clan and all their people were murdered in a surprise attack, their beloved castle and all evidence of who destroyed them burned to the ground with their bodies. In the centuries following, archaeologists searched through the ruins looking for any evidence of what or who had caused the untimely demise of such a powerful Scottish clan. All efforts were fruitless, until a spell put in place by an ancient Conall ancestor finally began to work its magic. Texas kindergarten teacher, Brielle Montgomery, finds comfort in the mundane routines of her life, but when her archaeologist mother asks her to accompany her on a dig in Scotland, she decides to step out of her comfort zone. Once in Scotland, they discover a secret spell room below the castle ruins, and Bri finds herself transported back in time and suddenly married to the castle's ill-fated Laird. Now, she must work to change the fate of his people, all while trying to find a way to return to her home and century. But with each passing day, Bri finds herself falling more deeply in love with her new husband. If she can find a spell to bring her home, will she use it? And if she stays, will it ultimately mean her own death as

well?

Love Beyond Measure

A prequel to Frank Herbert's science fiction novel, "Dune," journeys back to the planet Arrakis to visit the extraordinary desert world decades before Paul Atreides arrives to change the history of the universe.

The Man in the High Castle

Miramont Castle, built in 1897 and mysteriously abandoned three years later, is home to many secrets. Only one person knows the truth: Adrienne Beauvier, granddaughter of the Comte de Challemelles and cousin to the man who built the castle. Clairvoyant from the time she could talk, Adrienne's visions show her the secrets of those around her. When her visions begin to reveal dark mysteries of her own aristocratic French family, Adrienne is confronted by her formidable Aunt Marie, who is determined to keep the young woman silent at any cost. Marie wrenches Adrienne from her home in France and takes her to America, to Miramont Castle, where she keeps the girl isolated and imprisoned. Surrounded by eerie premonitions, Adrienne is locked in a life-or-death struggle to learn the truth and escape her torment. Reminiscent of Daphne du Maurier's Rebecca, this hauntingly atmospheric tale is inspired by historical research into the real-life Miramont Castle in Manitou Springs, Colorado.

The Haunting of Castle Dune - A Novella

“The single most resonant and carefully imagined book of Dick’s career.” —New York Times It’s America in 1962. Slavery is legal once again. The few Jews who still survive hide under assumed names. In San Francisco, the I Ching is as common as the Yellow Pages. All because some twenty years earlier the United States lost a war—and is now occupied by Nazi Germany and Japan. This harrowing, Hugo Award-winning novel is the work that established Philip K. Dick as an innovator in science fiction while breaking the barrier between science fiction and the serious novel of ideas. In it Dick offers a haunting vision of history as a nightmare from which it may just be possible to wake. Winner of the Hugo Award
