### Josephus's The Jewish War

At the end of 1941, six weeks after the mass deportations of Jews from Nazi Germany had begun, Gestapo offices across the Reich received an urgent telex from Adolf Eichmann, decreeing that all war-wounded and decorated Jewish veterans of World War I be exempted from upcoming "evacuations." Why this was so, and how Jewish veterans at least initially were able to avoid the fate of ordinary Jews under the Nazis, is the subject of *Comrades Betrayed*. Michael Geheran deftly illuminates how the same values that compelled Jewish soldiers to demonstrate bravery in the front lines in World War I made it impossible for them to accept passively, let alone comprehend, persecution under Hitler. After all, they upheld the ideal of the German fighting man, embraced the fatherland, and cherished the bonds that had developed in military service. Through their diaries and private letters, as well as interviews with eyewitnesses and surviving family members and records from the police, Gestapo, and military, Michael Geheran presents a major challenge to the prevailing view that Jewish veterans were left isolated, neighborless, and having suffered a social death by 1938. Tracing the path from the trenches of the Great War to the extermination camps of the Third Reich, Geheran exposes a painful dichotomy: while many Jewish former combatants believed that Germany would never betray them, the Holocaust was nonetheless a horrific reality. In chronicling Jewish veterans' appeal to older, traditional notions of comradeship and national belonging, *Comrades Betrayed* forces reflection on how this group made use of scant opportunities to defy Nazi persecution and, for some, to evade becoming victims of the Final Solution.

### Holy War in Judaism

David Cesarani's *Final Solution* is a magisterial work of history that chronicles the fate of Europe's Jews. Based on decades of scholarship, documentation newly available from the opening of Soviet archives, declassification of Western intelligence service records, as well as diaries and reports written in the camps, Cesarani provides a sweeping reappraisal that challenges accepted explanations for the anti-Jewish politics of Nazi Germany and the inevitability of the "final solution." The persecution of the Jews, as Cesarani sees it, was not always the Nazis' central preoccupation, nor was it inevitable. He shows how, in German-occupied countries, it unfolded erratically, often due to local initiatives. For Cesarani, war was critical to the Jewish fate. Military failure denied the Germans opportunities to expel Jews into a distant territory and created a crisis of resources that led to the starvation of the ghettos and intensified anti-Jewish measures. Looking at the historical record, he disputes the iconic role of railways

and deportation trains. From prisoner diaries, he exposes the extent of sexual violence and abuse of Jewish women and follows the journey of some Jewish prisoners to displaced persons camps. David Cesarani's Final Solution is the new standard chronicle of the fate of a heroic people caught in the hell that was Hitler's Germany.

## **The War of a Million Cuts**

A collection of official and private documents traces the growth of and reveals the Jewish response to German anti-Semitism during World War II

## **FDR and the Jews**

Henry Ford is remembered in American lore as the ultimate entrepreneur—the man who invented assembly-line manufacturing and made automobiles affordable. Largely forgotten is his side career as a publisher of antisemitic propaganda. This is the story of Ford's ownership of the Dearborn Independent, his involvement in the defamatory articles it ran, and the two Jewish lawyers, Aaron Sapiro and Louis Marshall, who each tried to stop Ford's war. In 1927, the case of Sapiro v. Ford transfixed the nation. In order to end the embarrassing litigation, Ford apologized for the one thing he would never have lost on in court: the offense of hate speech. Using never-before-discovered evidence from archives and private family collections, this study reveals the depth of Ford's involvement in every aspect of this case and explains why Jewish civil rights lawyers and religious leaders were deeply divided over how to handle Ford.

## **Dispatches from the Campus War Against Israel and Jews**

Details the origins, growth and implementation of Nazi Germany's plan to annihilate European Jewry and the various responses of individual Jews and organized Jewish communities to the Holocaust in its several stages in ghettos and death camps

## **Weimar**

Based on journalist Sam Sokol's reporting from Ukraine during the first years of the Donbas War, Putin's Hybrid War and the Jews chronicles the collapse of Jewish life in the regions of eastern Ukraine occupied by Russian-backed separatist militias in 2014. Based on extensive interviews and told through the eyes of refugees, politicians, soldiers, and aid workers, this book is a rich account of both the ravages of armed conflict and the Kremlin's attempts to weaponize antisemitism as part of its hybrid war against Ukraine.

## **A Holocaust Reader**

In this carefully researched analysis, Raphael and Jennifer Patai begin by defining race. They then develop the idea of the existence of "races" through history. In rich and fascinating detail, the authors consider the effects of intermarriage, interbreeding, proselytism, slavery, and concubinage on the Jewish population from Biblical times to the present. New material explores the psychological aspects of the Jewish race issue, the Jewish psyche, and the consequences of the 1975 United Nations resolution equating Zionism with racism. A revised and updated scientific section on the measurable genetic, morphological, and behavioral differences between Jews and non-Jews supports the conclusion that the idea of a "Jewish race" is, indeed, a myth.

## **The Jewish Threat**

A groundbreaking reassessment of the crucial but unrecognized roles Germany's Jews played at home and at the front during World War I

## **The War Against the Jews**

The classic analysis of America's response to the Nazi assault on European Jews.

## **The Black Book of the American Left**

On December 17, 1862, just weeks before Abraham Lincoln announced the Emancipation Proclamation, General Grant issued what remains the most notorious anti-Jewish order by a government official in American history. His attempt to eliminate black marketeers by targeting for expulsion all Jews "as a class" from portions of Kentucky, Tennessee, and Mississippi unleashed a firestorm of controversy that made newspaper headlines and terrified and enraged the approximately 150,000 Jews then living in the United States, who feared the importation of European anti-Semitism onto American soil. Although the order was quickly rescinded by a horrified Abraham Lincoln, the scandal came back to haunt Grant when he ran for president in 1868. Never before had Jews become an issue in a presidential contest and never before had they been confronted so publicly with the question of how to balance their "American" and "Jewish" interests. Award-winning historian Jonathan D. Sarna gives us the first complete account of this little-known episode--including Grant's subsequent apology, his groundbreaking appointment of Jews to prominent positions in his administration, and his unprecedented visit to the land of Israel. Sarna sheds new light on one of our most enigmatic presidents, on the Jews of his day, and on the ongoing debate between ethnic loyalty and national loyalty that continues to roil American political and social discourse. (With black-and-white illustrations throughout.)

## **The Wars of the Jews**

Discusses the validity of claims that numerous popes have been publicly anti-Semitic, and describes the power of ideology to subvert historical judgments.

## **Hitler's War Against the Jews**

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

## **Soviet Jews in World War II**

## **The Deutsche Bank and the Nazi Economic War against the Jews**

A brilliant, haunting, and profoundly original portrait of the defining tragedy of our time. In this epic history of extermination and survival, Timothy Snyder presents a new explanation of the great atrocity of the twentieth century, and reveals the risks that we face in the twenty-first. Based on new sources from eastern Europe and forgotten testimonies from Jewish survivors, *Black Earth* recounts the mass murder of the Jews as an event that is still close to us, more comprehensible than we would like to think, and thus all the more terrifying. The Holocaust began in a dark but accessible place, in Hitler's mind, with the thought that the elimination of Jews would restore balance to the planet and allow Germans to win the resources they desperately needed. Such a worldview could be realized only if Germany destroyed other states, so Hitler's aim was a colonial war in Europe itself. In the zones of statelessness, almost all Jews died. A few people, the righteous few, aided them, without support from institutions. Much of the new research in this book is devoted to understanding these extraordinary individuals. The almost insurmountable difficulties they faced only confirm the dangers of state destruction and ecological panic. These men and women should be emulated, but in similar circumstances few of us would do so. By overlooking the lessons of the Holocaust, Snyder concludes, we have misunderstood modernity and endangered the future. The early twenty-first century is coming to resemble the early twentieth, as growing preoccupations with food and water accompany ideological challenges to global order. Our world is closer to Hitler's than we like to admit, and saving it requires us to see the Holocaust as it was -- and ourselves as we are. Groundbreaking, authoritative, and utterly absorbing, *Black Earth* reveals a Holocaust that is not only history but warning.

## **Putin's Hybrid War and the Jews**

David Horowitz spent the first part of his life in the world of the Communist-progressive left, a politics he inherited from his mother and father, and later in the New Left as one of its founders. When the wreckage he and his comrades had created became clear to him in the mid-1970s, he left. Three decades of second thoughts then made him this movement's principal intellectual antagonist. "For better or worse," as Horowitz writes in the preface, "I have been condemned to spend the rest of my days attempting to understand how the left pursues the agendas from which I have separated myself, and why." When Horowitz began his odyssey, the left had already escaped the political ghetto to which his parents' generation and his own had been confined. Today, it has become the dominant force in America's academic and media cultures, electing a president and achieving a position from which it can shape America's future. How it achieved its present success and what that success portends are the overarching subjects of Horowitz's conservative writings. Through the unflinching focus of one singularly engaged witness, the identity of a destructive movement that constantly morphs itself in order to conceal its identity and mission becomes disturbingly clear. Horowitz reflects on the years he spent at war with his own country, collaborating with and confronting radical figures like Huey Newton, Tom Hayden and Billy Ayers, as he made his transition from what the writer Paul Berman described as the American left's "most important theorist" to its most determined enemy.

## **The Secret War Against the Jews**

A history of how anti-Semitism evolved into the Holocaust in Germany: "If any book can tell what Hitlerism was like, this is it" (Alfred Kazin). Lucy Dawidowicz's groundbreaking *The War Against the Jews* inspired waves of both acclaim and controversy upon its release in 1975. Dawidowicz argues that genocide was, to the Nazis, as central a war goal as conquering Europe, and was made possible by a combination of political, social, and technological factors. She explores the full history of Hitler's "Final Solution," from the rise of anti-Semitism to the creation of Jewish ghettos to the brutal tactics of mass murder employed by the Nazis. Written with devastating detail, *The War Against the Jews* is the definitive and comprehensive book on one of history's darkest chapters.

## **Holocaust**

A chronicle of events beginning in the Middle Ages through the modern era reveals the unfolding of Nazism and how it brought about the Holocaust, negotiating the division between the histories of its perpetrators and the victims and their families. Reprint. 15,000 first printing.

## **Were the Popes Against the Jews?**

Discusses the growth of anti-Semitism in Germany from the sixteenth century until the Holocaust during the twentieth century. Includes topics for discussion.

## **Henry Ford's War on Jews and the Legal Battle Against Hate Speech**

Now that the Arab-Israeli conflict is fueled by Muslim hatred of the Jews, what started as a political dispute has transformed into an out-and-out religious war

## **The Destruction of the European Jews**

Examines the history of persecution against European Jews, discusses the definition of a Jew according to the German regime, and describes the processes through which Jews were eliminated during the Holocaust years."

## **Stalin's War Against the Jews**

## **The Works of Josephus**

A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe. FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war.

## **Comrades Betrayed**

This volume discusses the participation of Jews as soldiers, journalists, and propagandists in combating the Nazis during the Great Patriotic War, as the period between June 22, 1941, and May 9, 1945 was known in the Soviet Union. The essays included here examine both newly-discovered and previously-neglected oral testimony, poetry, cinema, diaries, memoirs, newspapers, and archives. This is one of the first books to combine the study of Russian and Yiddish materials, reflecting the nature of the Jewish Anti-Fascist Committee, which, for the first time during the Soviet period, included both Yiddish-language and Russian-language writers. This volume will be of use to scholars, teachers, students, and researchers working in Russian and Jewish history.

## **Jewish Resistance Against the Nazis**

This volume puts to rest the myth that the Jews went passively to the slaughter like sheep. Indeed Jews resisted in every Nazi-occupied country - in the forests, the ghettos, and the concentration camps. The essays presented here consider Jewish resistance to be resistance by Jewish persons in specifically Jewish groups, or by Jewish persons working within non-Jewish organizations. Resistance could be

armed revolt; flight; the rescue of targeted individuals by concealment in non-Jewish homes, farms, and institutions; or by the smuggling of Jews into countries where Jews were not objects of Nazi persecution. Other forms of resistance include every act that Jewish people carried out to fight against the dehumanizing agenda of the Nazis - acts such as smuggling food, clothing, and medicine into the ghettos, putting on plays, reading poetry, organizing orchestras and art exhibits, forming schools, leaving diaries, and praying. These attempts to remain physically, intellectually, culturally, morally, and theologically alive constituted resistance to Nazi oppression, which was designed to demolish individuals, destroy their soul, and obliterate their desire to live.

## **When General Grant Expelled the Jews**

Very little has been written about America's own history of anti-Semitism. In this shocking book, the first documented examination of anti-Semitism in an American governmental institution, Joseph Bendersky shows that such racism permeated the highest ranks of the U.S. military throughout the past century, having a very real effect on policy decisions. Through ten years of research in more than thirty-five archives, the author uncovered irrefutable evidence of endemic and virulent anti-Semitism throughout the Army Corps from the turn of the century right up to the 1970s. This fully developed and clearly articulated perspective had a direct effect on policy discussions and decisions, affecting such matters as immigration, refugees, military strategy, and the establishment of Israel. Written with novelistic intensity and attention to intriguing detail, The "Jewish Threat" forces us to revise some of our cherished notions about our country and its most revered leaders.

## **Nazi Crimes against Jews and German Post-War Justice**

The most powerful and prophetic book yet from best-selling author Pastor John Hagee. Our world is in crisis mode, but God is still on the throne. Bible prophecy clearly reveals that immediately prior to the rapture of the Church, four powerful kings will race onto the stage of world history. Pastor Hagee reveals who they are, where they come from, and what they signify. Learn why Hagee believes that we are in the beginning stages of World War III, and how this will eventually take us to the Battle of Armageddon. Pastor Hagee vividly describes the key players that signify the King is coming!

## **The Abandonment of the Jews**

Of all victims of Nazi persecution, German Jews had to suffer the Nazi yoke for the longest time. Throughout the Third Reich, they were exposed to anti-Jewish propaganda, discrimination, anti-Semitic laws and increasingly to outrages and offences by non-Jewish Germans. While the International Military Tribunal and the subsequent American Military Tribunals at Nuremberg dealt with a variety of Nazi crimes according to international law, these courts did not consider themselves cognizant in adjudicating wrongdoings against German citizens and those who lost German citizenship based on the so-called "Nuremberg laws," such as Germany's Jews. Until recently, scholarship failed to explore this task of the German judiciary in more detail. Edith Raim fills this gap by showing the extent of the crimes committed against Jews beyond the traditionally known facts and by elucidating how the West German administration of justice was reconstructed under Allied supervision.

## **Earth's Last Empire**

" --Bulletin of the Arnold and Leora Finkler Institute of the Holocaust Research A world-famous scholar analyzes the historiography of the Nazi period, including conflicting interpretations of the Holocaust and the impact of German reunification.

## Hitler's War

An essential introduction to Josephus's momentous war narrative *The Jewish War* is Josephus's superbly evocative account of the Jewish revolt against Rome, which was crushed in 70 CE with the siege of Jerusalem and the destruction of the Temple. Martin Goodman describes the life of this book, from its composition in Greek for a Roman readership to the myriad ways it touched the lives of Jews and Christians over the span of two millennia. The scion of a priestly Jewish family, Josephus became a rebel general at the start of the war. Captured by the enemy general Vespasian, Josephus predicted correctly that Vespasian would be the future emperor of Rome and thus witnessed the final stages of the siege of Jerusalem from the safety of the Roman camp and wrote his history of these cataclysmic events from a comfortable exile in Rome. His history enjoyed enormous popularity among Christians, who saw it as a testimony to the world that gave rise to their faith and a record of the suffering of the Jews due to their rejection of Christ. Jews were hardly aware of the book until the Renaissance. In the nineteenth century, Josephus's history became an important source for recovering Jewish history, yet Jewish enthusiasm for his stories of heroism—such as the doomed defense of Masada—has been tempered by suspicion of a writer who betrayed his own people. Goodman provides a concise biography of one of the greatest war narratives ever written, explaining why Josephus's book continues to hold such fascination today.

## A Deadly Legacy

From the award-winning historian of the Holocaust, *Europe Against the Jews, 1880-1945* is the first book to move beyond Germany's singular crime to the collaboration of Europe as a whole. The Holocaust was perpetrated by the Germans, but it would not have been possible without the assistance of thousands of helpers in other countries: state officials, police, and civilians who eagerly supported the genocide. If we are to fully understand how and why the Holocaust happened, Götz Aly argues in this groundbreaking study, we must examine its prehistory throughout Europe. We must look at countries as far-flung as Romania and France, Russia and Greece, where, decades before the Nazis came to power, a deadly combination of envy, competition, nationalism, and social upheaval fueled a surge of anti-Semitism, creating the preconditions for the deportations and murder to come. In the late nineteenth century, new opportunities for education and social advancement were opening up, and Jewish minorities took particular advantage of them, leading to widespread resentment. At the same time, newly created nation-states, especially in the east, were striving for ethnic homogeneity and national renewal, goals which they saw as inextricably linked. Drawing upon a wide range of previously unpublished sources, Aly traces the sequence of events that made persecution of Jews an increasingly acceptable European practice. Ultimately, the German architects of genocide found support for the Final Solution in nearly all the countries they occupied or were allied with. Without diminishing the guilt of German perpetrators, Aly documents the involvement of all of Europe in the destruction of the Jews, once again deepening our understanding of this most tormented history.

## Unholy Trinity

The term "Weimar culture," while generally accepted, is in some respects unsatisfactory, if only because political and cultural history seldom coincides in time. Expressionism was not born with the defeat of the Imperial German army, nor is there any obvious connection between abstract painting and atonal music and the escape of the Kaiser, nor were the great scientific discoveries triggered off by the proclamation of the Republic in 1919. As the eminent historian Walter Laqueur demonstrates, the avant-gardism commonly associated with post-World War One precedes the Weimar Republic by a decade. It would no doubt be easier for the historian if the cultural history of Weimar were identical with the plays

and theories of Bertolt Brecht; the creations of the Bauhaus and the articles published by the Weltbühne. But there were a great many other individuals and groups at work, and Laqueur gives a full and vivid accounting of their ideas and activities. The realities of Weimar culture comprise the political right as well as the left, the universities as well as the literary intelligentsia. It would not be complete without occasional glances beyond avant-garde thought and creation and their effects upon traditional German social and cultural attitudes and the often violent reactions against "Weimar" that would culminate with the rise of Hitler and the fall of the republic in 1933. This authoritative work is of immense importance to anyone interested in the history of Germany in this critical period of the country's life.

## **The War Against the Jews, 1933–1945**

A hugely controversial work that exposes a series of scandals from Oliver North to the British royal family, *The Secret War Against the Jews* reveals as much about political corruption inside Western intelligence as it does about Israel. Using thousands of previously top-secret documents and interviews with hundreds of current and former spies, Loftus and Aarons, both veteran investigators, Nazi-hunters, and authors, present a compelling narrative. The authors demonstrate that numerous Western countries, especially the United States and Great Britain, have conducted repeated and willful spying missions on Palestine and later Israel over many decades. While on the surface these two countries and others profess to be ardent allies of Israel, they work, in fact, through their intelligence services to betray Israel's secrets to the Arabs. Their motive: oil and multinational profits, which must be attained at any price through international covert policies. The pageant of characters appearing in this narrative is vast and shocking. This is not only a compelling work of history, but also a volume whose grave allegations will be debated for years to come.

## **Death to the Infidels**

*Racing Against History* is the stunning story of three powerful personalities who sought in 1940 to turn the tide of history. David Ben-Gurion, Vladimir Jabotinsky, and Chaim Weizmann—the leaders of the left, right, and center of Zionism—undertook separate missions that year to America, then frozen in isolationism, to seek support for a Jewish army to fight Hitler. Their efforts were at once heroic and tragic. The book presents a portrait of three historic figures and the American Jewish community—at the beginning of the most consequential decade in modern Jewish history—and a cautionary tale about divisions within the Jewish community at a time of American isolationism. Based on previously unpublished materials, the book sheds new light on Zionism in America and the history of World War II, and it aims to stimulate discussion about the evolving relationship between Israel and American Jews, as the Jewish State approaches its 70th anniversary under the continuing threat of annihilation. A book for general readers, history buffs and academics alike, it includes 75 pages of End Notes that enable readers to pursue the stunning story in further depth.

## **Final Solution**

For the first time ever, a book unravels the complex process of the tremendous delegitimization efforts directed toward Israel. "The War of a Million Cuts" explains how these attempts at the delegitimization of Israel, as well as anti-Semitism can be fought. The book describes the hateful messages of those who defame Israel and the Jews, details why anti-Semitism and anti-Israelism have the same core motifs, and discusses the main groups of inciters, including Muslim states, Muslims in the Western world, politicians, media, NGOs, church leaders, those on the extreme left and the extreme right, Jewish self-haters, academics, social democrats and many others. It explains how the hate messages are effectively transmitted to the public at large, and discusses what impact the delegitimization has already made on

Israel and the Jews.

## **Black Earth**

### **The Myth of the Jewish Race**

The transformations brought about by modernity required Jews to re-examine the traditional rabbinic prohibition against war in the light of the times. Within a hundred years the traditional safeguards were effectively removed for the majority of religious Jews that continued to take Jewish traditional exegesis seriously. This full process, from removing holy war from possibility to reviving holy war as a paradigm for action, is the topic of this study.

### **Europe Against the Jews, 1880-1945**

Incorporating published and archival material, this volume fills an important gap in the history of the Jewish experience during World War II, describing how the war affected Jews living along the southern rim of the Mediterranean and the Levant, from Morocco to Iran. Surviving the Nazi slaughter did not mean that Jews living in the Middle East and North Africa were unaffected by the war: there was constant anti-Semitic propaganda and general economic deprivation; communities were bombed; and Jews suffered because of the anti-Semitic Vichy regulations that left them unemployed, homeless, and subject to forced labor and deportation to labor camps. Nevertheless, they fought for the Allies and assisted the Americans and the British in the invasion of North Africa. These men and women were community leaders and average people who, despite their dire economic circumstances, worked with the refugees attempting to escape the Nazis via North Africa, Turkey, or Iran and connected with international aid agencies during and after the war. By 1945, no Jewish community had been left untouched, and many were financially decimated, a situation that would have serious repercussions on the future of Jews in the region. Covering the entire Middle East and North Africa region, this book on World War II is a key resource for students, scholars, and general readers interested in Jewish history, World War II, and Middle East history.

### **Memory, History, and the Extermination of the Jews of Europe**

The Deutsche Bank, Germany's largest financial institution, played an important role in the expropriation of Jewish-owned enterprises during the Nazi dictatorship, both in the existing territories of Germany, and in the area seized by the German army during World War II. In this 2001 book Harold James uses new and previously unavailable materials, many from the bank's own archives, to examine policies which led to the eventual genocide of European Jews. How far did the realization of the vicious and destructive Nazi ideology depend on the acquiescence, the complicity, and the cupidity of existing economic institutions, and individuals? In response to the traditional view that business co-operation with the Nazi regime was motivated by profit, this book closely examines the behaviour of the bank and its individuals to suggest other motivations. No comparable study exists of a single company's involvement in the economic persecution of the Jews in Nazi Germany.

### **Racing Against History**

Written in riveting fashion by the coauthors of *The Secret War Against the Jews*, *Unholy Trinity* tells one of the darkest tales of World War II. After the war had ended, fearing a surge of Soviet growth, the Papacy entered into an espionage alliance with British and American intelligence agents. Subsuming

justice to the nascent Cold War ideology, these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism. The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul, the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin. Unholy Trinity exposes Turkul's "Red Nazi" operation for the first time and shows how Kim Philby, the infamous British-Soviet double agent, and his network were nearly sacrificed to preserve Turkul's Vatican operation. Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes, this book, originally published in 1991, first revealed the Vatican--Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany. Since 1991, major revelations about the role of Swiss banks have confirmed Unholy Trinity's expose of the flight of the Nazi's stolen treasures; the new introduction and new final chapters, written by Aarons and Loftus for this edition, bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss-bank story. Among other things, the authors demonstrate that U.S. and British code-breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press; that the code-breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U.S. intelligence chief Allen Dulles; and that the Australian, British, and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them. Covers all these topics and more, Unholy Trinity is the definitive history of a series of profoundly disturbing cover-ups involving the Holy See, Allen Dulles, the Swiss banks, and the remnants of the Third Reich.

### **The Jews of the Middle East and North Africa**

Shows how Stalin attempted to use a contrived incident as an excuse to remove Jews from elite positions and stir up anti-Semitic hysteria
